

The Times Of Modern School

MODERN SCHOOL, NOIDA

(A Senior secondary School, Affiliated to CBSE)

Under: Digamber Jain Society for Child Welfare (Regd.)

(A Minority Institute)

April 25 -June 25

FROM THE DESK OF PRINCIPAL

Dear Students, Parents, and Respected Colleagues,

As we begin yet another enriching chapter in our educational journey, I extend my warmest greetings to each member of our Modern School, Noida family. This academic year shines as a beacon of transformation, inclusion, and purpose—guided by the holistic vision of the National Education Policy (NEP) 2020 and a renewed commitment to our students' all-round development.

At Modern School, we believe education is not confined to classrooms or textbooks—it is a journey of the heart, mind, and spirit. Our mission is to foster an environment where every child, regardless of background, ability, or identity, feels seen, heard, valued, and supported. True inclusive education ensures equal opportunities, personalized learning, and a deep respect for diversity. Equity and empathy are at the heart of every initiative we undertake.

Aligned with NEP 2020, our academic programs are increasingly flexible, interdisciplinary, and rooted in real-world application. The focus has shifted from rote learning to nurturing critical thinking, creativity, and essential life skills. Through

Contd..

skill-based subjects, project work, and experiential learning, we are shaping learners who are ready to adapt, innovate, and lead in a rapidly changing world.

Alongside academic excellence, we prioritize the emotional and mental well-being of our students. Through life skills education, counseling support, mindfulness practices, and peer-connect programs, we aim to build resilience, emotional intelligence, and a strong sense of self in every child.

In a world of growing complexity, value-based education remains vital. At Modern School, timeless values like integrity, respect, kindness, and responsibility are woven into the everyday learning experience—through storytelling, reflection, and community service. We strive to develop not just sharp minds but also kind hearts.

This year, we also emphasize digital literacy and responsible technology use. With the integration of smart classrooms, e-books, and AI-based platforms, we ensure our students are equipped for the digital future. Initiatives like CBSE's Digital Citizenship Week and Cyber Safety Campaigns instill safe and ethical online behavior.

Environmental consciousness is another pillar of our vision. Our students actively contribute to projects like waste segregation, plantation drives, and energy conservation, as well as national campaigns such as Mission LiFE, Swachhata Abhiyan, and the Green Schools Programme. These experiences nurture responsibility and environmental stewardship.

We continue to promote global citizenship and 21st century

competencies such as communication, collaboration, creativity, and critical thinking.

Through student exchange programs, Model United Nations (MUNs), and cross-cultural activities, we prepare students to thrive in a globally connected world.

Strong parental involvement and community partnerships remain at the core of our philosophy. From orientation sessions and parenting workshops to collaborative events and service-learning projects, we work hand-in-hand to build a nurturing, inclusive, and forward-thinking educational space.

Student voice and leadership are deeply valued at Modern School. Our councils, clubs, peer mentoring initiatives, and student-led conferences provide platforms for learners to lead, express, and grow.

We also uphold the highest standards in safety and preparedness. Regular fire drills, health check-ups, POCSO awareness, and first-aid workshops ensure a secure and healthy environment for every child.

Finally, I salute our dedicated educators—the true architects of change. With continuous professional development under CBSE and NEP frameworks, they remain lifelong learners and mentors who uplift every student in their care.

Let us embrace this new academic year with courage, care, and collaboration. Together, let us raise a generation that not only dreams big but also leads with humility and serves with purpose.

With gratitude and hope,
Principal,
Dr Neeraj Awasthy
