DIRECTOR'S ADDRESS

"From Celebration to Reflection"

Dear Students, Educators, and Parents,

As we look back at the quarter from July to September, we see a school community in motion — evolving, engaging, and excelling in various aspects of growth. These three months have been a blend of enthusiasm and reflection — a time for both celebration and steady academic effort.

Independence Day reminded us of the value of freedom and responsibility, while Teachers' Day celebrated the hearts that teach and shape futures. Creative events, club activities, sports, and student-led initiatives brought out leadership, empathy, and collaboration in action.

It is during such times that the true purpose of education becomes clear — not just to inform, but to transform; not just to perform, but to participate meaningfully. Our students have begun to show maturity not only in academics but also in character, which is the greatest achievement of all.

I congratulate the entire school community for making this quarter meaningful and memorable. Let us continue building on this foundation with joy, responsibility, and shared pride.

With warm regards,

Mr. Sushil Kumar Jain

Director

July 25 - September 25

PRINCIPAL'S ADDRESS

"A Season of Effort, Expression, and Excellence"

Dear Students, Teachers, and Parents,
The months from July to September have flown by with incredible energy, dedication, and a deep sense of purpose. This quarter has been filled with vibrant activity — a time when students settled deeper into their academic rhythm

while simultaneously exploring opportunities beyond the classroom.

We witnessed enthusiastic participation in cultural events, inter-house competitions, Independence Day celebrations, and a heartfelt Teachers' Day tribute — each event showcasing not just talent, but also teamwork, respect, and creativity. It was heartwarming to see students shine with confidence, and even more heartening to see them cheer for one another.

Academically, this period also marked the beginning of focused preparation for the half-yearly assessments. I applaud the sincerity with which many of our students have approached this crucial phase. To our teachers — thank you for guiding each learner with patience and passion. To our parents — your constant support empowers us every day.

Let us continue fostering an environment where learning is joyful, character is strong, and kindness is the norm.

Warm regards,
Dr Neeraj Awasthy
Principal
