DIRECTOR'S ADDRESS

Dear Parents and Students,

Welcome to a fresh chapter at Modern School Noida, where curious minds meet caring hearts. As the school gates open to a new academic year, we invite every student to step in ready to explore, create, and shine.

Congratulations to our achievers from the last session. Your dedication turned goals into milestones and lit a path for others to follow. May your success inspire new dreams across our corridors.

Here, learning is more than lessons. It is a journey of discovery, where leadership is practiced in playgrounds and classrooms, where values are taught by example, and

where responsibility grows through real opportunities. We plant seeds of integrity, empathy, respect, and compassion, and watch them flourish into confident, kind citizens.

This year, let curiosity be your compass and resilience your companion. Let creativity colour your work and teamwork amplify your voice. Together parents, teachers, and students, we will build moments that matter and memories that last.

Step into the year with enthusiasm, dream boldly, learn deeply and shine brightly.

Warm regards,

Sushil Kumar Jain

Director

FROM THE PRINCIPAL'S DESK

Dear Students, Parents and Respected Colleagues,
A warm and hearty welcome to the new academic year at Modern School Noida. Walking through our familiar corridors these first days, I have felt renewed energy everywhere — bright faces, eager conversations, and the quiet determination of students settling into routines. Our school is more

than a building; it is a community where curiosity is encouraged, friendships grow, and everyday moments become lasting memories.

Education here is a living experience. It happens when a student asks an unexpected question in class, when a team practices late for a match, when a child finds the courage to speak on stage for the first time. We continue to nurture the four Cs — Critical Thinking, Creativity, Collaboration and Communication, because these qualities prepare our students for life beyond examinations. They help young people think clearly, create boldly, work well with others and express themselves with confidence.

I congratulate our students whose achievements last year filled the school with pride. Their success reflects perseverance, the thoughtful guidance of teachers and the unwavering support of parents. I also recognise the tireless work of our staff who ensure a safe, welcoming and stimulating environment every day.

This year I encourage every student to try something new, to learn from setbacks and to celebrate progress, however small. Parents and teachers, your partnership matters more than ever; your encouragement, conversations and example strengthen our children's learning journey.

I look forward to meeting many of you at school events, classrooms and assemblies. Let us foster a culture of kindness, honesty and resilience. Together, we will make this year one of discovery, joy and meaningful achievement for every member of our school family.

Warm regards,
Dr Neeraj Awasthy
